SUMMARY

Computer Science undergraduate pursuing B.Tech in Computer Science and Engineering with strong foundations in **Java, Data Structures & Algorithms, DBMS, Computer Networks, and OOP**. Built AI-powered and backend development projects, and solved **1000+ coding problems** across major competitive programming platforms.

EDUCATION

Galgotias University, Uttar Pradesh	2023 – 2027
B.Tech in Computer Science and Engineering	CGPA: 8.4
Shri Bhupendra Singh Inter College	Class XII – 73%
Shri Bhupendra Singh Inter College	Class X – 69%

SKILLS

Programming Languages: Java, Python

Web Technologies: HTML, CSS, JavaScript, Flask

Database: MySQL

Libraries/Tools: Pandas, NumPy, Scikit-learn, Matplotlib, Git, GitHub

Core Subjects: Data Structures & Algorithms, OOP, DBMS, Machine Learning

PROJECTS

AI-Based Mock Interview Platform — Python, Flask, MySQL, Groq AI, HTML, CSS, JavaScript 🕒 2026

- Developed an AI-powered mock interview platform that generates personalized interview questions using uploaded resumes and job descriptions.
- Implemented user authentication, resume parsing, adaptive questioning, answer evaluation, and performance reporting.
- Integrated Groq AI for interview question generation, answer feedback, and speech-to-text based interview interactions.
- Built a responsive full-stack web application using Flask, MySQL, HTML, CSS, JavaScript

MeshPay – Secure Offline Payment Routing — Java, HTML, CSS, JavaScript, Multithreading 🕒 2025

- Built a backend proof-of-concept for secure deferred offline payment routing using mesh-style packet forwarding simulation.
- Designed an encrypted transaction pipeline with duplicate prevention, replay protection, and backend settlement handling.
- Implemented concurrency-safe idempotent transaction processing using multithreading and atomic duplicate detection.
- Simulated bridge-node based packet delivery where offline transactions are forwarded through intermediate nodes before settlement.
- Applied distributed systems concepts to ensure transaction integrity, fault tolerance, and secure payment processing.

ACHIEVEMENTS

- Solved **1000+ DSA problems** across LeetCode, GFG, Codeforces, and CSES.
- Achieved **All India Rank under 3500** and **Global Rank under 4000** on Codolio 🏆 Codolio
- Achieved **LeetCode rating of 1650+**.
- Earned **5 Star rating on HackerRank**.
- Participated in Smart India Hackathon (SIH) and 30+ coding contests.

INTERNSHIP

Apex Planet Aug 2025 – Sep 2025

Web Development Intern

- Built responsive UI using HTML, CSS, and JavaScript.
- Used Git/GitHub and followed structured development workflow.
